

ACHRM Employer Membership Application

The Association for Corporate Health Risk Management

The Association for Corporate Health Risk Management (ACHRM) is a unique employer community where employers can collaborate with their peers, learn new methods and techniques to reduce their company's health care costs, implement or improve quality healthcare programs, and improve employee well-being and productivity.

ACHRM offers education opportunities for employers and seeks to develop solutions for employer challenges across Healthcare Cost Containment Strategies (HCCs) and is the only national Association directly supporting employers by offering education, solution development, assessments and implementation services encompassing our HCCs.

ACHRM offers a wide range of health risk management and healthcare cost containment resources for employers. As reflected in the chart below, ACHRM has distributed its Healthcare Cost Containment Strategies (HCCs) into two groupings based upon an Employer's openness to change, motivation to reduce cost and take control of their self-funded plan, desire for attracting and retaining employees among other factors.

HIGH IMPACT PATHWAY

- Designed for employers open to change, motivated to reduce costs (30-40%) and take control of their self-funded plan.
- ACHRM offers educational events, pilot opportunities, case studies and Assessment services to assist our Employer members who are seeking an independent audit of their current strategy. If you're seeking to implement a new strategy, ACHRM will circulate your Assessment results with our innovative Consultants and best-in-class Sponsors, who will offer confidential proposals.

POPULATION HEALTH PATHWAY

- Designed for employers who are not ready to make significant change, but still want to implement forward thinking Healthcare Cost Containment strategies.
- While these strategies are not as impactful to your organization's cost savings, these HCCs can offer enhancements to your plan and employees. You can take advantage of our Assessment and Implementation services. In addition, you have access to our first pathway education and other initiatives.
